## 1. Purpose

The objective of Test Plan is to describe the Scope of Testing, Test Approach, Test Resource Allocation and Test Schedules.

### 1.1. Test Scope

Testing Scope includes

The following modules are to be tested:

The project needs to be tested on the following browsers:

The following are the internal deliverables from testing:

## 1.2. Test Milestone

S. No	Activity	Output	Date

## 2. Requirements for Test

- Initial requirements

## 3. Test Strategy

### 3.1 Testing Types

Test Types	Required (Yes/No)
Unit Testing	
Functional Testing	
Integration Testing	
Functional Testing	
System Testing	
Functional Testing	
GUI Testing	

## Unit Testing

Test strategy and approach:

Coverage requirements

Test objectives:

Features to be tested:

Features that will not be tested (and why):

Suspension and Resumption Criteria

### 3.1. Tools:

S.NO	Tool Name	Purpose of the Tool

## 4. Test Environments

### 4.1. Hardware Environment:

Software Environment:

2. Test Reports

3. Test Scheduling & Resource Planning

6.1. Scheduling

Functional Task	Resource Name	Effort		Schedule (dd/mm/yyyy)			
		Estimated	Actual	Planned Start Dt.	Actual Start Dt.	Planned End Dt.	Actual End Dt.

## 7. Inter-Group coordination

S. No	Group	Representative Name
